Rules for Full Size Cars

REGULATIONS

1. Drivers may use their own car number. The driver who registers a number first will receive that number. If a driver registers a number that has already been taken then that driver will be asked to change the number.
2. All entrants must be at least 15 years old. Entrants that are 15 years old through 17 years old must have a parent or guardian present to fill out a minor release form and to attend drivers meeting with minor driver.
3. Drivers must wear a helmet which extends below the ears.
4. Drivers must wear safety belts.
5. No intoxicating beverages or drugs will be allowed.
6. Unsportsman like conduct will be automatic cause of disqualification.
7. Demo derby officials reserve the right to disqualify anyone who is unfit for competition or whose car does not comply with rules.
8. Cars will be inspected before the derby starts and again afterward if needed.
9. There will be a \$50.00 protest fee before the derby starts.

10. No trucks, 4x4 cars, convertibles or commercial vehicles are permitted. Police cars are allowed. **No Chrysler Imperials** will be permitted. No putting sub frame from imperials under any other make and model.
11. You will have 60 seconds to make contact.
12. If red flag is thrown twice for the same car, that car will be disqualified.
13. If any driver proceeds to make contact with another car while derby is under red flag, that driver will be disqualified.
14. Driver must enter the track with their car in a heat to be eligible to enter a consi.

PREPARATION

1. All glass, chrome, carpet and lights must be removed for safety.
2. Fenders may be trimmed only for tire clearance.
3. Only one piece of 3 inch pipe or 3 inch tubing may be used for support behind the seat. One piece of 3 inch pipe or 3 inch tubing may be used for support behind steering wheel. **Any bigger and you will cut it out.** The end plates for pipe or tubing cannot be larger than 4 x 4 inch square. A roll over bar may be used but can only be connected to the bar behind the seat. If the roll over bar goes outside of the car over the roof, it cannot be welded to the body. The 4th bar can be added against the passenger door.
4. Cut a 12 x 12 inch hole in the center of the hood.
5. You may put a plate with your car number on the car roof so it will be easier to read, not mandatory.
6. You may place 2 to 3 bars in the windshield area in front of drivers view for drivers safety, not mandatory.
7. You may place 2 bars in rear window. The bars must be attached to the roof or roll over bar down to the speaker deck. If speaker deck is removed, only 1 bar can be used in the center of the roof with a 4 x 4 inch plate attaching it straight down to the floor. If you have a wagon the bars cannot go any more than 2 inches on back gate. No attaching to bumpers.

SPRINGS

1. No adding extra leaf springs. Leaf springs must be stock from factory. Must be staggered.
2. No converting coil springs to leaf springs.
3. You may use a stiffer coil spring on the rear to replace original coil.
4. Coil springs may be welded, chained or wired in.

DOORS & BODY

1. No reinforcements of body, except in drivers door.
2. No welding body seams.
3. Do not weld the bottom of doors inside or outside. Do not weld around the door window seams. **Only the drivers door may be welded all around.**
4. Doors must be secured with chains, wire bands or welded. If welded, weld only the seams on doors from door post to bottom of door, front fenders may be welded to door and the rear quarter panel may be welded to door. Welded on plates can be no more than 2 1/2 inches wide on door seams.

FRAME

1. No banding, wiring, chaining or welding the body to frame or through the frame.
2. Trailer hitches must be removed.
3. No welding the seams on the top or bottom of frame from the A arms to the back of the car. The seams from A arms to the front bumper may be welded. No pinning the frame.
4. Notching the frame is allowed but do not weld cuts.
5. No painting the frame or inner fender, no spraying inner fenders or frame with any material such as rhino lining.
6. You can remove body mounts and replace with bolts. **Bolts cannot be bigger than 7/8" x 10 inches long. Washer cannot be any larger than 4 inches round or 4 inches square.**
7. Top A arm or bottom A arm can be welded or bolted down.
8. No welding inner fenders to the fenders.
9. Tie rod ends may be reinforced.
10. If frame is broken or rusted you may weld a 3" x 3" plate on one side of the frame no bigger than 1/4" thick.
11. Hump plates are allowed on the outside of frame. Only one piece 4 x 24 x 1/4 inch. **This is for full size only** (hump plate cannot exceed past the frame.)

GAS TANK

1. The gas supply must be removed from the stock area to behind the drivers seat and securely fastened and well covered.
2. A gas tank protector can be used. Use no bigger than 3 inch pipe or 3 inch tubing. It cannot touch the floor or body. It must be fastened to the bar behind the seat. No bigger than 26 inches inside. **Any bigger and you will cut it out.** This is not used to protect oil coolers or transmission coolers.
3. Any type of fuel can be used.

BATTERY

1. Any size battery may be used, securely fastened.
2. No more than 2 - 12 volt batteries may be used.

BUMPERS

1. Bumpers are interchangeable. Any car bumper and bumper brackets may be used on any car. Brackets can not extend any more than 12 inches on frame. No homemade bumpers or not truck bumpers allowed. Dec headers bumpers allowed.
2. You may weld the bumper seams, shocks and the brackets to the frame. No welding on the frame except for the brackets.
3. Bumpers may be cut so they do not smash into the tires during the event. Bumpers may be flipped.
4. No bumpers may be welded to the body.

SHOCKS

1. Shocks must be stock. No using all thread bolts through them.

TIRES

1. Any type of rough treads are permitted. No studs or screws to hold tires to the rim and no filling tires with any material.
2. Valve stem guards are allowed, no split rims.

ENGINE

1. Weld solid or chain down engine mounts is recommended.
2. A distributor and carburetor protector may be used mounted to the engine only.

HOODS & TRUNKS

1. Hoods must be able to be opened for inspection.
2. Hoods can be fastened with wire, chains, bolted or bands in 6 places. Bolts can be no bigger than 7/8 inch. Three inch washers may be welded on for use of wire, chains, bands or bolts to go through.
3. Trunks may be fastened with wire, chains, bolted, bands or welded 3 inches on and 3 inches off around the trunk. Plates cannot be bigger than 3 x 3 inch square. Trunks can be completely removed. Three inch washers may be welded on for use of wire, chains or bands. Bolts cannot go through the frame.
4. If you weld or bolt the trunk, a hole must be cut in the center for inspection. **Hole must be 12 x 12 inches.**
5. Trunks must be 8 inches above the trunk floor.

TRANSMISSIONS & OIL COOLERS

1. Transmission coolers will be allowed.
2. Oil coolers will be allowed.

RADIATORS & RADIATOR SUPPORTS

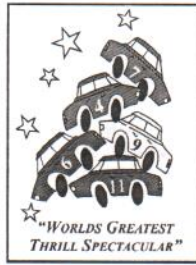

1. Radiators must stay in stock position.
2. Nine gauge wire or bands can go from the radiator support to the bumper.

REAR ENDS

1. You may use any type (Ford/GM/Mopar/Hybrid) rear ends in any make of car. No dual rims and no bigger than 3/4 ton rear end. You may tilt rear end by shortening or lengthening rear end control arms, however they must still be working.

For more information call Thomas Motorsports, LLC at 304-889-3256 or 304-266-7898.
Please call if you have any questions about rules.

POULTRY & RABBIT SHOW

CHAIRPERSON: Brad & Jean Stoner 758-2990

REGISTRATION

All entries must be in place by 12:00 noon, Monday, August 4, 2014. Poultry cannot be removed until 9:00 pm on Saturday, August 9, 2014.

JUDGING

Exhibitors are requested to be present during the judging. Judging will start at 5:30 pm on Tuesday, August 5 and continue until completed.

FFA AND 4-H GROUPS

We encourage members of the FFA and 4-H groups to exhibit in the open classes, as we feel that the experience and information gained thereby will be of real value to them.

UTILITY OR FARM STOCK

This will consist of a pen of 5 hens, or pullets of any breed in the American Class 1, a pen of 5 hens or pullets of any breed in the Mediterranean Class 3, old and young hens competing.

HEALTH REQUIREMENTS

All birds exhibited at West Virginia fairs, festivals and shows shall be accompanied by: 1) A statement by the owner signed on the day of the show stating that the birds have been free of disease for the past 30 days and did not originate from a flock known to be infected with pullorum/typhoid. 2) Form 9-2 indicating that the birds have been treated with 90 days of antibiotics. 3) A form 9-3 indicating that they originated from a pullorum/typhoid free flock or: 4) Submit to a pullorum/typhoid test at the place of exhibit performed by a state approved tester. Qualified individuals approved by the commissioner may perform pullorum/typhoid test at fairs, festivals and shows.

The individual who performs the pullorum/typhoid test shall report to the Commissioner on forms provided by the Commissioner the results of these tests within seven (7) days of the testing.

If any bird submitted by an owner tests positive for pullorum/typhoid, all remaining birds of that owner shall be denied entry into the show. The fair management shall keep a record of all birds exhibited at their event. These records shall include the name and address of the exhibitor and the number of birds exhibited.

No bird will be allowed for exhibit from an area under quarantine. .
